

RE-LUB EYE DROPS

Sodium Carboxymethylcellulose 0.5%
Lubricant Eye Drops

COMPOSITION

Each ml contains	
Sodium Carboxymethylcellulose IP	0.5% w/v
Stabilized Oxychloro Complex (As preservative)	0.005 % w/v
Sterile aqueous vehicle	q.s.

PHARMACOLOGY

RE-LUB Eye Drops contains Sodium Carboxymethylcellulose which is used as a lubricant for dry and irritated eyes.

Common causes for dry eyes include wind, sun, heating/air conditioning, computer use/reading, and certain medications. Eye lubricants like **RE-LUB Eye Drops** keep the eye moist, help to protect the eye from injury and infection, and decrease symptoms of dry eyes such as burning, itching, and foreign body sensation in the eye.

RE-LUB Eye Drops contain a unique, mild, non-sensitizing preservative that when used, ultimately changes into components of natural tears (sodium chloride and water). The viscolizing properties of carboxymethylcellulose combined with sodium chloride have been shown to increase the tear film break-up time in animal models, whilst also acting as a lubricating agent for dry eyes.

INDICATIONS

- For temporary relief from burning irritation and discomfort due to dryness of the eye or due to exposure to wind or sun.
- May also be used as a protectant against further irritation.

DOSAGE & ADMINISTRATION

Instill 1 to 2 drops in the affected eye(s) as needed.

CONTRAINDICATIONS

Hypersensitivity to any components of this medication.

PRECAUTIONS

- Remove contact lenses before using this eye drop.
- To avoid contamination do not touch tip of container to any surface. Replace cap after using.
- Do not use if solution changes colour or becomes cloudy.
- Keep out of reach of children.

WARNINGS

- This product may temporarily cause blurred vision right after being placed in the eye(s). Do not drive, use machinery, or do any activity

that requires clear vision until you are sure you can perform such activities safely.

- If you experience eye pain, changes in vision, continued redness or irritation of the eye and if the condition worsens or persists for more than 72 hours, discontinue use and consult a doctor.

ADVERSE REACTIONS

RE-LUB Eye Drops rarely causes serious side effects or an allergic reaction. Vision may be temporarily blurred when this product is first used. Minor burning, stinging or irritation may temporarily occur.

PRESENTATION

Re-Lub Eye drops is available as a sterile plastic vial of 10 ml.

STORAGE

Store below 25° C in a dry place. Protect from light.
